Create a Better World where People Companies, and Cities Benefit from Sustainable District Energy

Established in 1978

75+ members

DH mentoring

Purpose

- Inspire and learn from each others
- Increased capability in English LAs to deliver and operate district heating schemes
- Support the involved cities directly with DH experience
- Share knowledge among the involved cities
- Disseminate relevant findings

Focus

- All aspects of establishing and operating a DH system
 - Planning
 - Design of network
 - Customer interaction
 - Stakeholder engagement
 - Daily operation
 - Technology: pipes, meters, valves, software.....
 - KPIs

Content

- One-to-one mentoring - continued
- Hubs / group mentoring – live and on-line
- Grand meeting
- Visit to Denmark
